December 31, 1987

**THE HYPOTHALAMIC-PITUITARY-ADRENAL  
AXIS REVISITED**

**A Symposium in Honor of Dorothy Krieger and  
Edward Herbert<sup>a</sup>**

*Editors and Chairmen*

W. F. GANONG, M. F. DALLMAN, AND J. L. ROBERTS

|-------------------------------|----|
| Preface. By the Editors ..... | ix |
|-------------------------------|----|

**Part I. CRH: Synthesis Distribution, Receptors**

|  |    |
|--|----|
| The Rat Corticotropin-releasing Hormone Gene. By ROBERT C. THOMPSON,<br>AUDREY F. SEASHOLTZ, JAMES O. DOUGLASS, and EDWARD HERBERT.....  | 1  |
| The CRH Motoneuron: Differential Peptide Regulation in Neurons with<br>Possible Synaptic, Paracrine, and Endocrine Outputs. By L. W. SWANSON,<br>P. E. SAWCHENKO, R. W. LIND, and J.-H. RHO.....   | 12 |
| Posttranslational Processing of Corticotropin-releasing Factor in the Ovine<br>Tuberoinfundibular System and Pituitary. By A. IAN SMITH, DENNIS<br>ENGLER, MERYL J. FULLERTON, THAO PHAM, CATHERINE WALLACE,<br>FRANCIS J. MORGAN, IAIN J. CLARKE, and JOHN W. FUNDER..... | 24 |
| Corticotropin-releasing Factor Receptors: Distribution and Regulation in<br>Brain, Pituitary, and Peripheral Tissues. By GRETI AGUILERA, MONICA A.<br>MILLAN, RICHARD L. HAUGER, and KEVIN J. CATT .....   | 48 |
| Mechanisms of Action of CRF and Other Regulators of ACTH Release in<br>Pituitary Corticotrophs. By ABDUL-BADI ABOU-SAMRA, JAMES P.<br>HARWOOD, KEVIN J. CATT, and GRETI AGUILERA .....   | 67 |
| Regulation of ACTH Secretion from Corticotrophs: The Interaction of<br>Vasopressin and CRF. By LOUISE M. BILEZIKJIAN and WYLIE W. VALE ....  | 85 |
| Multiple Factors Controlling ACTH Secretion at the Anterior Pituitary Level.<br>By FERNAND LABRIE, VINCENT GIGUÈRE, HÉLÈNE MEUNIER, JACQUES<br>SIMARD, FRANCIS GOSSARD, and VINCENT RAYMOND .....  | 97 |

<sup>a</sup>The papers in this volume were presented at a conference entitled the Hypothalamic-Pituitary-Adrenal Axis Revisited: A Symposium in Honor of Dorothy Krieger and Edward Herbert, which was held by the New York Academy of Sciences in New York City on April 6-8, 1987.

## **Part II. CRH: Comparative Aspects, Extracerebral Localization, Secretion**

|   |     |
|---|-----|
| Corticotropin-releasing Factor in the Adrenal Medulla. <i>By</i> THOMAS O. BRUHN, WILLIAM C. ENGELAND, EDYTHE L. P. ANTHONY, DONALD S. GANN, and IVOR M. D. JACKSON ..... | 115 |
| Non-mammalian Corticotropin Release-stimulating Peptides. <i>By</i> K. LEDERIS ...  | 129 |
| Anatomy of Neural Pathways Affecting CRH Secretion. <i>By</i> MIKLÓS PALKOVITS .....  | 139 |
| Physiology of Neural Pathways Affecting CRH Secretion. <i>By</i> IVAN ASSENMACHER, ALAIN SZAFARCZYK, GÉRARD ALONSO, GUY IXART, and GÉRARD BARBANEL .....                  | 149 |
| Pharmacology of Neural Pathways Affecting CRH Secretion. <i>By</i> M. T. JONES, B. GILLHAM, E. A. CAMPBELL, A. R. H. AL-TAHER, T. T. CHUANG, and A. DI SCIULLO .....      | 162 |

## **Part III. Other Factors Affecting ACTH Secretion**

|   |     |
|---|-----|
| The Role of Angiotensin II in the Regulation of ACTH Secretion. <i>By</i> WILLIAM F. GANONG and KAZUHARU MURAKAMI .....   | 176 |
| Molecular Mechanisms Regulating ACTH Synthesis and Release. <i>By</i> K. THERMOS and T. REISINE .....   | 187 |
| Receptors Mediating the CRH Effects of Vasopressin and Oxytocin. <i>By</i> FERENC A. ANTONI .....   | 195 |
| Regulation of Hypophysiotropic Factors Mediating ACTH Secretion. <i>By</i> PAUL M. PLOTSKY .....  | 205 |
| Physiological Role of Peptides and Amines on the Regulation of ACTH Secretion. <i>By</i> ANDRÉS NEGRO-VILAR, CRAIG JOHNSTON, EDUARDO SPINEDI, MARCELO VALENÇA, and FRANCISCO LOPEZ .....            | 218 |
| Abnormalities in Corticotropin-releasing Hormone (CRH) in Alzheimer's Disease and Other Human Disorders. <i>By</i> ERROL B. DE SOUZA, PETER J. WHITEHOUSE, DONALD L. PRICE, and WYLIE W. VALE ..... | 237 |

## **Part IV. Regulation of ACTH Secretion**

|  |     |
|--|-----|
| Cytochemical Studies of the Regulation of ACTH Secretion. <i>By</i> GWEN V. CHILDS .....   | 248 |
| Hormonal Regulation of POMC Gene Expression in Pituitary. <i>By</i> JAMES L. ROBERTS, JAMES R. LUNDBLAD, JAMES H. EBERWINE, ROBERT T. FREMEAUX, STEPHEN R. J. SALTON, and MARIANN BLUM ..... | 275 |
| The Synthesis and Processing of Pro-ACTH/Endorphin in the Developing Rat Pituitary. <i>By</i> SHERYL M. SATO and RICHARD E. MAINS .....  | 286 |
| Regulation of Stress-induced Secretion of POMC-derived Peptides. <i>By</i> GLEN R. VAN LOON and ERROL B. DE SOUZA .....  | 300 |
| The Action of Pro-opiomelanocortin-derived Peptides on Testicular Cells. <i>By</i> C. WAYNE BARDIN, PATRICIA L. MORRIS, C.-L. C. CHEN, CARLA BOITANI, and DOROTHY T. KRIEGER .....           | 308 |

|   |     |
|---|-----|
| Proopiomelanocortin Gene Expression, Prohormone Processing, and Secretion during Rat Pituitary Development. <i>By</i> JOHN E. PINTAR and DELIA I. LUGO .....          | 318 |
| Pro-opiomelanocortin (POMC) as Homeostatic Control System. <i>By</i> D. DE WIED and E. R. DE KLOET .....  | 328 |
| Diagnostic Dilemmas in the Management of Hypothalamic-Pituitary-Adrenal Disorders. <i>By</i> BEVERLY BILLER, ANNE KLIBANSKI, JAMES KOENIG, and JOSEPH B. MARTIN ..... | 338 |

### **Part V. Adrenal: Steroid Receptors, Feedback**

|  |     |
|--|-----|
| Corticosteroid Receptor Types in Brain: Regulation and Putative Function. <i>By</i> E. R. DE KLOET, A. RATKA, J. M. H. M. REUL, W. SUTANTO, and J. A. M. VAN EEKELN .....  | 351 |
| Central Glucocorticoid Receptor Immunoreactive Neurons: New Insights into the Endocrine Regulation of the Brain. <i>By</i> K. FUXE, A. CINTRA, A. HÄRFSTRAND, L. F. AGNATI, M. KALIA, M. ZOLI, A.-C. WIKSTRÖM, S. OKRET, M. ARONSSON, and J.-Å. GUSTAFSSON ..... | 362 |
| Corticosteroid Receptors in Brain: Relationship of Receptors to Effects in Stress and Aging. <i>By</i> BRUCE MCEWEN, HELEN CHAO, ROBERT SPENCER, ROBERTA BRINTON, LAURA MACISAAC, and ALLAN HARRELSON .....  | 394 |
| Characterization of Corticosterone Feedback Regulation of ACTH Secretion. <i>By</i> M. F. DALLMAN, S. F. AKANA, L. JACOBSON, N. LEVIN, C. S. CASCIO, and J. SHINSAKO .....   | 402 |

### **Part VI. Adrenal Secretion, Integration**

|   |     |
|---|-----|
| Corticotropin Receptors. <i>By</i> J. RAMACHANDRAN, M. TSUBOKAWA, and K. GOHIL .....  | 415 |
| Effect of ACTH on Aldosterone and Other Mineralocorticoid Hormones. <i>By</i> EDWARD G. BIGLIERI, EUGENIO ARTEAGA, and CLAUDIO E. KATER .....                                 | 426 |
| Inhibition of Aldosterone Secretion by Atrial Natriuretic Peptide. <i>By</i> PATRICK J. MULROW, MASAO TAKAGI, MARI TAKAGI, KEIICHIRO ATARASHI, and ROBERTO FRANCO-SAENZ ..... | 438 |
| The Role of Adrenal Nerves in the Regulation of Adrenocortical Functions. <i>By</i> M. A. HOLZWARTH, L. A. CUNNINGHAM, and N. KLEITMAN .....                                  | 449 |
| Dual Roles of Substance P: Modulator of Immune and Neuroendocrine Functions. <i>By</i> DONALD G. PAYAN and EDWARD J. GOETZL .....   | 465 |

### **Poster Papers**

|   |     |
|---|-----|
| Delta Sleep-inducing Peptide-like Immunoreactivity in Pituitary ACTH/MSH and Adrenal Medullary Cells. <i>By</i> ANDERS BJARTELL, ROLF EKMAN, FRANK SUNDLER, and ERIK WIDERLÖV ..... | 476 |
| ACTH Secretion in Response to CRF Is Not Rapidly Suppressed by Glucocorticoids <i>in Vitro</i> . <i>By</i> MARY FAMILARI and JOHN W. FUNDER .....                                   | 480 |
| Biosynthesis of Joining Peptide from Pro-ACTH/Endorphin. <i>By</i> E. I. CULLEN and R. E. MAINS .....   | 483 |

|   |     |
|---|-----|
| Regulation of Melanotrope ACTH/Endorphin Biosynthesis in Culture. <i>By V. MAY, D. A. STOFFERS, and B. A. EIPPER</i> .....  | 486 |
| The Response of Normal Humans to Graded Boluses of Vasopressin to Release ACTH Provides an <i>In-vivo</i> Bioassay of Endogenous CRF and Evidence for a Diurnal Rhythm of CRF Secretion. <i>By A. G. ROBINSON, M. M. ROBERTS, and D. B. JARRETT</i> ..... | 489 |
| The Hypothalamic-Pituitary-Adrenal (HPA) Axis of Rhesus Monkeys and Rats: A Role in Energy Balance. <i>By ANDREW C. SCALLET</i> .....   | 491 |
| Psychological Stressor Increases Plasma Levels of POMC-derived Peptides in Man. <i>By J. L. MEYERHOFF, M. A. OLESHANSKY, E. H. MOUGEY, and H. R. SMITH</i> .....  | 494 |
| Characterization of Corticotropin-releasing Factor (CRF) in Ovine Testis. <i>By TAPAN AUDHYA, DAVID SCHLESINGER, and CHARLES S. HOLLANDER</i> .....   | 496 |
| Paraventricular Lesions Completely Eliminate the Stress-induced Rise in Pituitary Cyclic AMP and Attenuate the Increases in Plasma Levels of POMC-derived Peptides in the Rat. <i>By J. L. MEYERHOFF, G. J. KANT, and E. H. MOUGEY</i> .....              | 499 |
| Index of Contributors.....  | 503 |
